### New Business:

#### Review of Financial Reports

Redevelopment Commission Treasurer Judy Rhodes reviewed the financial reports which reflected normal transactions and current claims. The schedule of dates for property tax settlement is still unknown. Department heads will be reviewing outstanding purchase orders to determine which ones can be released. This will provide an updated view of unrestricted funds for the 2013 spending plan. This information should be available at the December meeting of the Commission. President Oates commented the tax appeals process has not yet been started for the May assessment of commercial properties by the County Assessor's office. This may have a direct impact on funds available to the Redevelopment Commission. Treasurer Rhodes also noted that the state has issued its debt report for last year which is on The Department of Local Government Finance website. The City of West Lafayette which includes the Redevelopment Commission lists a low per-capita debt ranking among cities of our size due to continued fiscal responsibility.
